Benjamin Moore & Co. Products for Healthcare Facilities

Healthcare facilities have an important job: taking care of us when we require medical attention. The myriad of procedures and treatments share a common need: facilities that can stand up to high traffic and repeated washing—all while maintaining a clean, professional look. Benjamin Moore & Co. is your single source for the high-performing paints and coatings that will keep your healthcare facility operating cleanly and effectively.

A leading manufacturer of premium-quality residential and commercial coatings, Benjamin Moore & Co. offers various products that meet the specific needs of healthcare, including:

- Chalkboard and dry erase paint for nurses' stations and meeting rooms
- Durable and scuff-resistant coatings for hallways, loading areas and lobbies
- Low- and zero-VOC paint for offices and waiting rooms
- Traffic paint for parking lots

Our coatings and colors establish a clean, professional environment where your customers will feel comfortable and confident in your capabilities. Let us help you protect and beautify your facility with minimal disruption, increased cost-efficiency and excellent results.

No matter the surface,
Benjamin Moore has just the
right coating for your facility.

INTERIOR

- 1 ADVANCE® Waterborne Interior Alkyd** delivers a smooth, furniture-like finish in a low-VOC formula that cleans up with soap and water.
Perfect for: Doors, trim, shelving
- 2 Aura® Bath & Spa** provides a matte finish and mildew resistance for high-humidity environments.
Perfect for: Bathrooms, locker rooms
- 3 Aura®** delivers the ultimate performance for rich and everlasting color, thanks to its proprietary Color Lock® technology.
Perfect for: Administrative offices, deep color accent walls
- 4 Benjamin Moore® Acrylic Knockdown** creates a durable, textured, uniform finish over patches, peeling and other imperfections.
Perfect for: Hallways
- 5 ben® Chalkboard Paint** turns any paintable surface into a chalkboard of any size, color or shape.
Perfect for: Cafeterias, lounge/break rooms
- 6 Corotech® Pre-Catalyzed Waterborne Epoxy** provides a tough, durable film for walls, ceilings and trim in a low-VOC formula.
Perfect for: Kitchens, food service areas, restrooms
- 7 Corotech® Quick Cure Floor System (V530/V531)** is a complete quick-cure floor coating system that provides superior resistance to abrasions, chemicals and solvents.
Perfect for: High-traffic hallway floors, clinic and waiting room floors
- 8 Corotech® Waterborne Amine Epoxy** provides good chemical and abrasion resistance on a variety of surfaces, particularly concrete floors.
Perfect for: Patient room floors, kitchen floors, utility room floors
- 9 Corotech® Waterborne Urethane Gloss (V540)** is a Low-VOC, LEED® v4 eligible urethane that provides excellent chemical and abrasion resistance.
Perfect for: Surgical suites
- 10 Insl-X® Stix® Waterborne Bonding Primer** is an acrylic-urethane primer-sealer with unparalleled adhesion to the most challenging surfaces, including glossy tile and galvanized metals.
Perfect for: Glazed ceramic tile, previously-painted metal and enamel
- 11 Lenmar® Floor Finishes** offer a wide portfolio of one- or two-component systems and water- or oil-based formulas to meet the unique needs of a variety of floors.
Perfect for: Hardwood floors, indoor athletic courts, floors
- 12 Natura®** is CERTIFIED **asthma & allergy friendly®** based on achievement of strict criteria for VOC emissions, odor and performance.
Perfect for: Patient rooms
- 13 Notable® Dry Erase Paint** transforms virtually any surface into a dry erase surface, in white or clear over any existing color.
Perfect for: Nurses' stations, break rooms, meeting spaces, cafeterias
- 14 Regal® Select** is our classic brand that generations of painters have trusted for excellent hide, coverage and professional results.
Perfect for: Lounges, meeting spaces
- 15 Studio Finishes®** is a collection of creative glazes, metallics, faux finishes and unique effects that transform surfaces into works of art.
Perfect for: Lobbies, feature walls
- 16 Ultra Spec®** offers a complete line of professional interior coatings for commercial spaces--Ultra Spec® 500 for easy application, SCUFF-X® to resist scuffing and chipping in high-traffic areas--all in single-component, latex formulas.
Perfect for: Hallways, stairwells, waiting rooms, loading docks, service areas. SCUFF-X® Semi-Gloss is ideal for metal doors, trim and baseboards.

EXTERIOR

- 17 Corotech® Mastic Coating** is a high-solids, rust-inhibitive, moisture-resistant, surface-tolerant epoxy mastic that is excellent for ferrous and non-ferrous metals and concrete. When properly top coated (see #22), it exhibits excellent chemical- and UV-resistance.
Perfect for: Tank exteriors, exposed steel structures
- 18 Texcrete® Masonry Coatings** are a collection of exterior hardscape waterproofers, sealers and block fillers available in a variety of smooth and textured finishes.
Perfect for: Parking garage walls and ceilings
- 19 Insl-x® Traffic Coatings** include latex and alkyd formulas, as well as fast-setting traffic paints for parking spaces, loading zones and other traffic markings.
Perfect for: Helipads, loading docks, parking lots, access roads, crosswalks
- 20 Insl-x® Concrete Coatings** offer great durability and non-skid options for interior or exterior masonry surfaces, specifically walking surfaces.
Perfect for: Sidewalks, courtyards, walkways
- 21 Ultra Spec® EXT** provides easy application, superior adhesion and maximum protection to a variety of exterior surfaces and can be applied in temperatures as low as 40°F.
Perfect for: Wood, hardboard, vinyl, aluminum, fiber cement, stucco, cinder block, unglazed brick

INTERIOR/EXTERIOR

- 22 Corotech® Aliphatic Acrylic Urethane (V500/V510)** is an interior/exterior, multi-use, two-component urethane that offers superior abrasion, chemical, solvent and UV resistance on both metal and masonry.
Perfect for: Interior and exterior floors, masonry and metal
- 23 Coronado® Rust Scat®** offers a complete line of coatings for interior and exterior metal surfaces, including primers and enamels in both waterborne acrylic and alkyd formulas.
Perfect for: Metal railings, doors, trim, siding
- 24 Insl-x® Pool Paints** offer a variety of swimming pool solutions, including epoxy, rubber-based and waterborne formulas.
Perfect for: Swimming pools, fountains
- 25 Ultra Spec® Masonry Int/Ext High-Build Block Filler** is a preparatory coating to create a less porous and smoother painting surface.
Perfect for: Parking structures, concrete and cement block
- 26 Ultra Spec® HP D.T.M. Acrylic Enamels** provide superior corrosion control and protection for interior and exterior metal substrates.
Perfect for: Metal pipes, siding, mechanical equipment
