No matter the problem, INSL-X® has the solution

INSL-X® has long been a leader in coatings and primers for some of the most challenging paint projects. Every INSL-X® product is specially designed to coat unique surfaces that demand more than just ordinary paint.

These products coat and protect cabinets, trim, garage floors, concrete, swimming pools, patios, parking lots, athletic fields and courts, and many other surfaces. They provide stain blocking, water resistance, superior bonding and various other advantages.
No matter the problem, INSL-X® has the solution

INSL-X® has long been a leader in coatings and primers for some of the most challenging paint projects. Every INSL-X® product is specially designed to coat unique surfaces that demand more than just ordinary paint.

These products coat and protect cabinets, trim, garage floors, concrete, swimming pools, patios, parking lots, athletic fields and courts, and many other surfaces. They provide stain blocking, water resistance, superior bonding and various other advantages.
### Benefits
- Interior and exterior water-based and solvent-based primers that are formulated to solve a variety of priming needs.
- Easy to apply, quality floor coatings formulated with durability and beauty in mind.
- Interior and exterior masonry coatings that prime, seal, waterproof, and add color and beauty.
- A full line of dependable pool paints designed for all types of in-ground pools.
- Line-marking and zone-marking paints offered in a variety of colors and vehicle types including latex, fast-set acrylics, and alkyds.
- Specialized problem-solving and specialty paints that are designed for challenging coating needs.

### Available Features*
- General purpose priming
- Tannin-blocking
- Stain-blocking
- Seal porous surfaces
- Adhesion to hard-to-coat surfaces
- Fast drying
- Provide a mold resistant coating
- Resist hot tire pickup
- Chemical resistance
- Oil and grease protection
- Abrasion resistance
- Impact resistance
- Quick return to service
- Anti-slip properties
- Flexibility to use as a stain or opaque coating
- Excellent water resistance and waterproofing
- Ease of application
- Color-fade resistance
- For use on new or existing pools
- Fast drying
- Abrasion resistance
- Oil, grease, gasoline resistance
- Interior and exterior surfaces
- Weather-resistant
- Fast-drying
- Won't kill grass
- Semi-permanent coating
- High-performance
- Create an ultra-smooth finish on cabinets
- Disappearing color-change technology
- Slow the spread of fire
- Minimize smoke damage
- Encapsulate lead-containing paint
- Application in sub-freezing temperatures

### Great For*
- Drywall, Plaster, Acoustic Tile, Wood Trim, Doors, Formica, Ceramic, Glossy Surfaces, PVC, Wood Siding, Fences, Shutters, Cedar and Redwood, Masonry, Stucco, Galvanized Metal, Tile
- Garage Floors, Basement Floors, Walkways, Porches, Patios, Other Concrete Surfaces
- Masonry Surfaces including Concrete Walls, Balconies, Patios, Pool Decks, Concrete Basement Floors, Walkways, Concrete Columns
- Previous Epoxy Coatings, Steel, Fiberglass, Bare Concrete, Marble, Granite, Masonry Surfaces in Good Condition
- Streets, Parking Lots, Warehouses, Garages, Curbs, Other Concrete and Asphalt Surfaces
- Grass, Natural or Artificial Turf, Concrete, Asphalt
