Finding the Perfect Shade of White

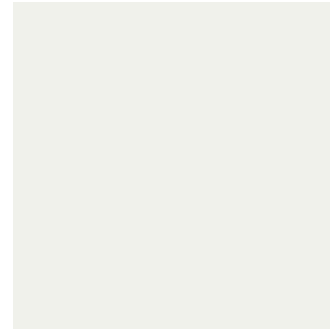

White and off-white paints come in warm, cool, and neutral tones. Warm undertones create a cozy feel, while cool ones add a fresh, modern touch. Use bright white on both walls and trim for a classic style or pair bright white walls with trim in a deeper shade of off-white for added dimension. Popular picks for trim, ceiling, and interior doors are noted by the asterisks next to the color names.

Encontrar el tono perfecto de blanco

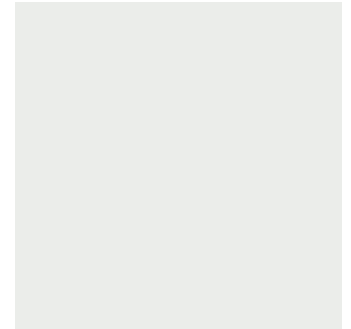

Las pinturas blancas y blanco impuro vienen en tonos cálidos, fríos y neutros. Los matices cálidos crean una sensación acogedora, mientras que los fríos agregan un toque fresco y moderno. Use blanco brillante tanto en las paredes como en los marcos para un estilo clásico o combine paredes blancas brillantes con marcos en un tono más profundo de blanco impuro para agregar dimensión. Selecciones populares para marcos, techos y puertas interiores se indican con los asteriscos junto a los nombres de los colores.
